

The 4th LE:NOTRE Landscape Forum (Re)Discovering the Emerald Necklace 21st – 25th April 2015, Bucharest, Romania

The interactive and interdisciplinary forum will focus on the landscape of the Colentina lakes in the northern periphery of Bucharest.

Forum events and activities:

- Pre-Forum Promenade to the Carpathian landscape
- Workshops, excursions and working groups on four main themes:
 - Urban growth and peri-urban sprawl: the urban periphery
 - Sustainable tourism and recreation: visions for landscape regeneration through tourism development
 - Heritage and identities: permanence, patrimony, specificity and dynamics of landscape identities
 - Rural fringe and productive landscapes: multifunctional rural landscapes and the economic dimension
- Call for Posters
- Doctoral Colloquium

The annual Forum has been developed as a new kind of academic meeting, aimed at bringing together landscape specialists from a wide range of backgrounds and providing a 'hands-on' opportunity for them to collaborate in the form of a direct encounter with a specific landscape.
