**VENUE: ION MINCU UNIVERSITY FOR ARCHITECTURE AND
URBANISM, BUCHAREST**

Meet and exchange, share and take new ideas home (image: Reza Faisal|creative commons)

Objectives and target groups

This colloquium is addressed to both current/prospective doctoral students and senior researchers who are supervising thesis processes. It may also be of interest for prospective supervisors who wish to learn from peers about tutoring methods.

The overall objective is to share and discuss methodological aspects within an international landscape research community. The meeting is open to all research themes and methodological approaches. Thematic groups will be formed according to the specifications of the participants.
